## Problems – typical for the whole territory

- Extremely high rate of unemployment since 1997
- High crime rate - 20 %
- Criminality of children – average 50 children per year – pock picketing, school absence
- Drugs
- Education – the support of family is missing, no motivation to be employed

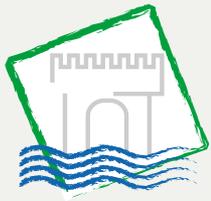

## Existing Support

- Social advisory – support with searching the jobs
- 
- Psychological support
- Development of new job opportunities
- Establishment of the social company ONZA
- Increase of the job opportunities for families endangered by the social exclusion
- EU funds - OP LZZ 3.1., social economy
- More effectiveness of social advisory - debts, financial advisory

## Existing Support

- Programmes for prevention of the criminality at schools
- Regular meetings of the residents with the policemen in their area
- Support of the free time activities in the schools, school clubs, organisations working with children
- Support of establishment of the free time clubs for children from disadvantaged families – free of charge
- Informal meetings
